Now, in line with the content of the above strategic plan, Regione Puglia and TPP (Consorzio Teatro Pubblico Pugliese) collaborate in a view to enhancing, revamping and promoting the system of cultural events/activities and live shows with a special focus on the Puglia music system by providing music operators with the right tools to expand and qualify cultural demand while upgrading their own offer by improving their artistic and professional capacities, as well as their position and competitiveness on both the national and the international music scene.
